Parking and Transportation Services (PTS) is responsible for the parking and movement of vehicles on the University of Arizona campus.

Services include:
- Development of the university parking and transportation plans
- Mass transportation services
- Traffic and pedestrian control
- Road closures
- Parking
- Coordination of vehicle relocation
- Printing of temporary corrugated signs
- Disabled transportation services
- Liaison with the City of Tucson

RESOURCES

Traffic Control

PTS has personnel to assist law enforcement (UAPD) with traffic direction and control on university streets. University streets include:

- All streets: west of Campbell Avenue to Park Avenue between
  - Speedway to the North
  - Sixth Street (6th Street) to the South
- Cherry Avenue – Drachman North to Ring Road
- Ring Road – Drachman to Elm, and continuing to Mabel Street
- Helen Street from Martin Avenue west to Mountain Avenue

PTS and UAPD will work together to develop traffic plans for large scale events or critical incidents.

Temporary Traffic Control Devices

Temporary road signs are stored in the (Removed for Security Reasons.) PTS and UAPD personnel have access to this storage area 24/7.
Transportation

PTS is capable of moving large number of people via shuttle busses and golf carts. PTS has the ability to obtain additional busses and shuttles through other governmental entities.
